Leaders Reaction Test Will End Encampment Of ROTC Cadets Aug. 3

Cadet Donald A. Fleish, son of Mr. and Mrs. Robert Fleish, Sr., and Cadet Kenneth P. Kirkman, son of Mr. and Mrs. Paul Kirkman are among the group of advanced Reserve Officers Training Corps students from the Florida area who are taking ROTC field training at Ft. Benning, Ga.

With three weeks down and three to go the cadets are swinging into the home stretch with great determination and enthusiasm intent upon making this ROTC field training an encampment yet. And it looks like records for efficiency and high scoring by individuals and companies may top any previous camp.

According to Colonel Raymond E. Bottom, Deputy Camp Commander, more and more stress will be put upon leadership. Each cadet will be given maximum opportunity to demonstrate his ability to lead men through situations in field conditions, as near to the real things as possible. Little time will be spent listening to lectures and more and more time spent in putting into practice theories taught at the various schools. From now until the completion of the camp on August 3rd it will be GO-GO-GO!

Having mastered the basic weapons of the Infantry, the cadets will concentrate on small unit tactics and supporting weapons, along with general military subjects.

Highlight of the six week encampment will be the "LEADERS REACTION TEST" with each cadet being faced with twenty situations that will test his military knowledge, endurance and ability to the utmost.

consider its budget pointing out that the increase would be 3 per cent of the county's population is paying 30 per cent of the county's tax bill.

Both Commissioners Lake Loyal and Roy Michael pointed to the county's fast growing population and increased operation cost as the principal reason for the millage increase.

Said Michael "no public official likes to vote for increased taxes but the board is faced with providing service for an expanding community."

Increased expenditures in the budget call for more funds for capital improvements, extension of the county hospital, increased funds for law enforcement and an additional criminal court judge.

Even though artificial insemination in swine is not yet entirely feasible it does show promise. When perfected, it will mean: less transmission of disease in mating; accelerated changeover to the meat type hog; and insemination of more sows to superior boars. However, litter size may be smaller, since all the ova may not be fertilized.

Ohioan Is Elected To Head BPO Elks

Fred L. Bohn of Zanesville, Ohio, was elected Grand Exalted Ruler of the Benevolent and Protective Order of Elks at the Order's 92nd Grand Lodge Convention. Bohn, who defeated Cyril A. Kremser of Lakewood,

Fred L. Bohn

Ohio, was installed at the closing session Thursday, succeeding John L. Walker of Roanoke, Virginia.

Mr. Bohn, 54 years old, is a partner in a plumbing and heating and supply firm. He was editor of the Zanesville SIGNAL from 1928 to 1933. The fifth Ohioan to head the Elks since

the Order was founded in 1888, Mr. Bohn formerly was chairman of the Grand Lodge's Board of Trustees and has held other high posts in the Order, in which he has been active since 1925.

Mr. Walker, the retiring Grand Exalted Ruler, reported to the convention delegates that the Order's membership gains and new lodges last year extended a record of uninterrupted growth since 1939. He said that the membership as of April 1 stood at the all-time high of 1,173,494, a gain of 23,818. Thirty-eight new lodges were organized during the year to bring the total to 1,762.

August Kirkman, past exalted ruler of the local club attended the convention as alternate for Emmett S. Roberts, exalted ruler who was unable to attend.

Fleming Is Named Alumni Assistant

William Fleming, of Miami, has been appointed administrative assistant to the University of Florida Alumni Association.

In addition to assisting with administrative duties in the Alumni office on the University campus Fleming will work closely with alumni clubs throughout the state under the direction of Leland Hiatt, Director of Alumni Affairs.

Fleming, who was graduated from the University with a BA degree, fills a position created following the resignation in April of Holmes Melton, Jr.

The Teen-Lite

Youth and Their Activities

by FRANCES SLOAN

Hi Y'all!

I see there was another big crowd at the Elks Teen-Center Friday night, dancing, playing cards and pool and in general, just having a ball. The Everglades Rammers were out with us as expected, but the grapevine has it that they will be here tonight.

Kenneth McDonald was there hoping around on crutches and even though he wasn't dancing he seemed to be having a good time. George Farnall should be an expert at Pool, now. Every time you see him he's in a game. Ronnie Perkins and Georgeanne Mills go together perfectly, at least when they're dancing. Mary Ann Tillery and Billy Cowart sweet on each other again? It seems that way from the looks they were giving each other. Friday night, Billy's mother and father were there, too. Dean Con-

gleton and a new girl, Joyce Mills from Tampa were there. Joyce works at the Bratley Bleach Insurance Co., and she's cute as a button. Good going, Dean! Jim Pope has a new style of Pop. This time it's classical, of all things. He had a good partner for it though, Eileen Capp. One little girl went sailing across the floor about 10:00. Accident? No, just the grand finale to a pop number! And Danny Mathis had the front of his lovely black hair bleached red, what a shame.

Chaperones for the evening were: Mrs. George Mills and Mr. and Mrs. S. B. Cowart and Elk representative, E. Lively. And of course the indispensable one, Mrs. George Goforth. The pop contest was won by Sandra Motes and Frankie Crier, with the silver dollars being donated by Cone's Paint Store.

Barbara Wedgworth has joined the ranks of the United States airmen. No, she hasn't enlisted in the Air Force, she's soloed her brother's airplane last Friday evening, under the instruction of Bill Golden. Pilot, 1414, understood Saturday morning, she and her mother left for Saluda, North Carolina, where they will spend the remainder of the summer.

Lewis Buckner still bagging groceries? That's right, I can just see it fifty years from now. A little old grey headed man, telling his grandchildren what an exciting life he has led with Kwik Check.

I saw a good-looking guy in a Navy uniform, Saturday, that I didn't recognize. Then I looked again and it was Albert Ellis! He's in Miami with the Naval Reserve. A uniform sure does things for a boy, doesn't it? Janie Steele was home for the week end from Charron-Williams Business College in Miami. She's doing pretty good, down there, too, even making good grades in shorthand. Must be the different atmosphere.

Eugene McCabe is going to Europe later in the summer for a six week visit with her aunt, Mrs. Helen McCabe. Never happened to me, darn it. Have fun, Eugene, we all envy you.

A recent house guest of Judy Whittemore, was Barbara Bent of Lakeland. Two late boys, she left Wednesday.

Eddie Pope of Miami is visiting his grandmother, Mrs. Annie Clayton, for a few weeks. He's a real cool cat, especially when you see him dancing in his blue bandage socks at the Elks Teen-Center.

Disleaded, jazz, march music, dance band, concert, and excellent. You should have been there at summer band I mean. The average attendance was around 40, but Mr. Munroe usually ended up playing drums or baritone or something (Mostly because he was not, but because he was needed). Those kids had a wonderful time playing the different types of music, punctuated by solos, gab sessions of musician talk, of course, and plans for the band next year.

Seventy-eight have signed up so far, and school hasn't even started yet. Officers will be elected near the first of school.

There will be twelve majorettes with Kay Rives leading them and drum major Leonard Higbee leading the band. And those new uniforms - they're gorgeous! The next rehearsal of the Belle Glade Symphony will be after August 22nd. You will be notified, y'all.

FFA Boys Receive Cooperative Training
Four local FFA boys are leaving today for Raleigh, N. C., where they will receive training in cooperatives. Some of the information in last week's article was incorrect as a result of faulty information given the HERALD.

The boys will attend the annual meeting of the American Institute for cooperatives which will include all 48 states, and their training will be conducted through this institute.

Three cooperatives are jointly sponsoring the boys. They are the Pioneer Growers South Bay Growers and the Rabun Cooperatives.

The boys making the trip are Billy Bowen, Cecil Harrell, John Prevatt and Louis Friedheim. They will be accompanied by high school agricultural teacher, Sam Lovell.

Others from Belle Glade attending are Mr. and Mrs. Walter Schiechter and Mr. and Mrs. George Young. Mr. Young, manager of the Glades Livestock Market will be the principal speaker on cattle, at this session of the meetings.

Mr. L. L. Price is also a member of the National Planning Committee.

TALK ON MEDFLY
(Continued from Page One)
as larvae of the Mediterranean fruit fly.

"On April 19, traps containing a sweetened bait were set up by H. A. Denmark, C. E. Sheppard, and E. F. Miles. Eleven adult Mediterranean fruit flies were found on the property of Mr. Price and it was now positive proof that the Mediterranean fruit fly was again in Florida.

"The first record of the Mediterranean fruit fly in Palm Beach County was on May 18 when maggots were found in Calamondin fruits growing in Lake Worth. On May 20, maggots were found near Belle Glade in grapefruit at the Everglades Experiment Station.

"The adult fly is a two winged insect that is about the size and shape of a common house fly. The body is black, yellow, and white. The wings are clear with black and yellow markings. The adult fly does not feed on liquids only.

"The female fly has a sharp-pointed egg laying organ at the rear of the body which she sticks through the skin of fruits to make a small cavity in a kind of pulp. Usually, from one to ten eggs pass through the egg laying organ into the cavity. The hole through the rind of the fruit is so small that it cannot be seen with the unaided eye but later a yellow spot forms around it. Other females may lay in the same hole. Each fly lays from 200 to 500 eggs in her life time.

"The eggs hatch in 2 to 20 days into whitish maggots that look somewhat like worms. They come to a point at the head and there a small dark spot can be seen. This spot is a part of small hooks that the maggots use to pull food into its body and burrow through the pulp of the fruit. Maggots feed within the fruit for 10 to 45 days before becoming full grown at which time they are little more than one-fourth inch long. If full grown maggots are taken from the fruit and placed on a smooth surface they will curl up and jump into the air. Eaten infested fruit will cause no harm but I am sure that if we would enjoy it they were aware of it.

"Usually, the infested fruit will fall to the ground by the time the maggot becomes full grown. It cuts a hole in the skin of the fruit and burrows into the soil to a depth of two inches or less or seeks shelter under any object laying on the ground. Here it forms a hard shell around itself and is no longer capable of movement. This is the pupa or the resting stage of the insect. This stage lasts from 10 to 30 days and when it is completed, the maggot has become an adult winged fly. The fly breaks through its hard shell and pushes itself up through the soil to the open air. The fly mates and if a female soon begins to lay eggs and the cycle is started all over again.

"If given suitable food and deprived of material on which to lay eggs a fly may live up to one year. Under favorable conditions a life cycle may take place in 17 days. Depending upon the climate there are from one to twelve or more generations per year in various parts of the world. In this country, some injury by the Mediterranean fruit fly would probably occur as far north as North Carolina or southern Virginia.

"The fruits that are most often attacked in Florida are citrus fruits with the exception of sour oranges and lemons, guavas, Surinam cherries, peaches, mangoes, papayas, loquats, raspberries, and tropical almonds. Other important fruits that are attacked in other areas are: nectarines, plums, apples, pears, quinces, and coffee. There are more than 100 kinds of fruit that the Mediterranean fruit fly can attack.

"Personnel of the Florida State Plant Board and the United States Department of Agriculture are cooperating in the eradication of the Mediterranean fruit fly.

dissection and quarantine program. Sprays containing the new insecticide, malathion, and a yeast bait called enzymatic protein hydrolysate are being applied by airplanes in infested areas. Dieldrin insecticide granules are being spread under known host trees in critical areas to kill maggots going into the soil or flies emerging from the soil. Traps containing an attractant, oil of angelica seed, are being used to detect new infestations and determine the effectiveness of the eradication procedures. Oil of angelica seed is attractive to the males only and so is of little value in eradicating the insect."

LAKE SHORE ATHLETIC COUNCIL

The LSAC is in the midst of "Big Light Week". The council proposes to raise \$5,000 for the purpose of erecting lights on the Lake Shore High School athletic field. This is a must. The field cannot be used effectively without lights.

This is a challenge to the people of our communities served by the school. Do you not want your boys and girls to have an athletic field, one that is well equipped? I know you do; all we want such a field. Our Please do your part in contributing to this worthy cause. The light can not be erected without your help. Workers are out now; they will call on you. Be sure to do your part.

Summer Program
The summer program will close this week. The workers have planned a Parents' Night

to be held on Thursday night at 8:00 in Lake Shore Cafeteria. The public is invited. An exhibition will also be held, you will be able to see some of the work of your boys and girls. The summer band will give several numbers. A very enjoyable occasion has been planned.

All the centers engaged in a softball tournament last week. This was a very successful event. The Okeechobee Center boys won a very interesting game from the East Lake Center, 6 to 5. The game went into two extra innings. The Lake Shore Center lost in the playoff to East Lake Center, 5 to 3.

The Glades' Lopsided Economy

Peaks of 12,000 laborers needed, to a low of 2,000

Demands Our Earnest Consideration!

RAMIE: is a potential \$10,000,000 annual payroll producer for the mucklands around Lake Okeechobee, and the realization of this potential will dovetail into our Economy effectively and with speed in direct proportion to our own use of know-how.

Ramie's virtues were known when the pyramids were built; (a) strength equal to any synthetic and greater than any natural fiber, (b) lack of stretch and shrinkage, (c) resistance to mildew and rot, (d) increased strength when wet, (e) very high absorptivity — four times that of cotton.

These virtues used alone, or as blends with other natural and synthetic fibers, for USE in end products, have been proven of formidable worth in industrial items.

Mr. Harley G. Morton, fiber technologist for the I. I. Board has discovered and overcome impediments to successful and profitable use of the fiber by textile operators using the cotton system, the worsted and wool systems.

Ramie has been successfully used as blends with, and to replace rayon, nylon, dacron and wool to material advantage in utility and at substantial savings in cost. Ramie-cotton blends point the way to recapture markets heretofore held by cotton.

Ramie has its limits. The recognition of this and its adaptation, with blends principally, for END USE is a major revelation from Mr. Morton's work. A lack of understanding of these limits have caused the financial downfall of numerous enthusiasts heretofore.

Glades ramie growers are satisfied that satisfactory methods of harvesting, decorticating, cleaning, degumming, stapling and opening exist in the Glades today to the extent that production and use by textiles is on a sound economical basis.

THE FLORIDA RAMIE GROWERS & PROCESSORS ASSOCIATION offer any purchaser a performance bond for delivery of ramie fiber on schedule.

The principal of "slopping at the trough" or financial succor from a "government tax" is not enthusiastically endorsed by Glades ramie growers. BUT our tax money is used to subsidize grains, beef, hogs, wheat, dairy products, development of visionary areonautical dreams, search for theoretical defense material and to satiate the political appetites of world-neighbors.

Some feel that demonstrated facts JUSTIFY Congressional insistence that the Secretary of Agriculture, the CCC and/or the Defense Department immediately cause to be placed a \$1,000,000 order for ramie fiber to be used in defense items, because:

- (1) Ramie is used as stern-wheel packing on capital ships.
- (2) Ramie is specified as material in making powder bags.
- (3) A 35% ramie/65% dacron uniform cloth designed and fabricated under Morton's supervision by one of the largest textile organizations in the country, has passed every specified test, except shade of color, prescribed by a branch of our military.
- (4) Ramie substitutes more than satisfactorily in the manufacture of low elongation 1,000 to 5,000 lbs. strength tests for webbing, at dollar savings.
- (5) Ramie has no competition in utility when made into canvas, tarpaulins and cargo coverings.
- (6) As special cordage, shroud lines and fire hose covering gives economical utility results.

Such an order, not for storage, but for use, would furnish the propitious stimulant to activate an additional \$200,000 payroll for '57 now dormant in the Glades and initiate plantings that will produce an equal increase in '58.

Activating a dormant \$200,000 summer payroll in '57 and an equal amount in '58, with unpredictable expansion, WILL GO FAR TO LEVEL OFF THE YEAR ROUND LABOR one-sidedness now existing.

This space is donated by THE HERALD in the interest of the GLADES BRANCH of the Palm Beach County Resources Development Board, which is coordinating and unifying the efforts of THE GLADES as ONE COMMUNITY.

Let's help NATURE by combining our own energy, and ingenuity with HER BLESSINGS and thereby discover that

Sermonette

By Rev. Fr. Walter G. Martin of St. John the Apostle Church
"Grant to us, Lord, we beseech Thee, the spirit to live and do always such things as are right; that we, who cannot do anything that is good without Thee, may by Thee be enabled to live according to thy will through Jesus Christ our Lord. Amen." (Collect for the 9th Sunday after Trinity, Book of Common Prayer).

In this context from the prophecies of the Holy Eucharist for this coming Sunday, we ask God to grant us the spirit to always

NAT COOPER—evangelist at the Church of Christ will hold a revival August 8 through 19, preaching the first four nights. Charles Nichols, minister will deliver the remaining sermons. A cordial invitation is extended to every one to come out to the services. Mr. Cooper is an accomplished singer as well as a minister.

Visitation Program Made By SB Baptists
A "visitation program" was carried out by members of the First Baptist Church of South Bay last Sunday afternoon. The program is for the purpose of calling on those members who have not been attending church. This visitation which has been carried out in the past has always been very successful and will be continued until everyone is contacted.

On Wednesday the Association W.M.U. meeting was held at the First Baptist Church in the Big Cypress Indian Reservation. Members attending carried a sandwich luncheon and the church furnished the beverages.

Two new members were welcomed into the Church last week. They are Jerry White from the First Baptist Church of Lake Wales and Mrs. Albert Snyder of the First Baptist Church of Palatka, who moved their memberships by letter.

REWARD
The highest reward for a man's toil is not what he gets for it, but what he becomes by it. (Sunshine Mag.)

Today's meditation
Read Hebrews 11:1-6
Where wast thou when I laid the foundations of the earth? (Job 38:4)
Looking at a rose in full bloom, a little boy, aged four, said, "There is God." He pointed to the sky and said again, "There is God." His grandmother, observing these things, touched him above the heart, and said gently, "And God is here also."

Through the centuries men have worshipped the God of nature. Man has stood in awe before the lash of the storm, and in pleasure before the majesty of a long, bright sunset.

God is still God, whether He is seen riding out the charging storm or unfolding a violet amid a bed of winter leaves. He is the same God who calls, each at its own kind, new plants, new animals, new individuals into being, and also spins out the birth of a star over millions of years.

We can only say with the psalmist, "O Lord, our Lord, how majestic is thy name in all the earth!"

PRAYER
O Lord, open our eyes that we may see glimpses of Thy truth. Help us to see the truth, and in Thy creation all about us pictures of Thy love and power, gentleness and majesty, O God, our God! Amen.

THOUGHT FOR THE DAY
The God of creation is also our heavenly Father.
Paul E. McAfee (Alabama)

cause it is the Community of the faithful everywhere in the long run.

This is just an example for our Lord is here now and we judge ourselves by either accepting or rejecting Him. (St. John 3:18). St. Teresa of Avila said that "God walks among the pots and pipkins" so the housewife can glorify God by accepting the responsibility of her household chores as a divine gift. This is called the sacrament of the present moment, and there are other such sacraments for each of us.

This prayer should not be offered without our making the effort to learn what God's requirements and commandments are. We may find these in the Holy Scriptures in the precepts of the church, in the experiences of devout men and in counsel received from spiritual advisors. "And the world passeth away, and the lust thereof; but he that doeth the will of God abideth forever." 1 John 2:17.

Reports on Palm Lake Assn. Youth Rally Held

The Palm-Lake Association Youth Rally was held Thursday with the First Baptist Church of West Palm Beach. Mrs. J. Marvin Unwin, W.M.U. President reported several of the Belle Glade young people attending. Richard Barrett had a report on the activities of the Royal Ambassador chapter of the church and L. Wendell Carpenter led the conference on R.A. work in the afternoon. Mrs. Mills Byrom is the Youth leader of the W.M.U.

Alvin Schleicher, Tommy Simmons, and Jack McCaskill are attending advanced R.A. camp this week in Melrose, Florida. This camp is exclusively for boys who are high in the ranks of R.A. work. Mr. Armand Baker of Jacksonville is the director.

Wendell Carpenter, Director of Music and Education will be away the next two weeks on vacation. Mr. W. L. Cunningham and Dr. Tommy Forsee will direct the music during the next two Sunday services.

The new Baptist Hymnal will be used for the first time in the Sunday services according to Carpenter, music director. The books have rose colored binding and will be in use on Sunday night, August 26th.

LOOKING FOR THE LOWEST-COST TRUCK?
Take a tip from the men who buy trucks every year!

The big truck fleets buy more Fords than any other make!

The big fleets have the cost records. They know which trucks cost less to buy and run. They know which trucks are the most dependable. And official registration figures show that more big fleets choose Ford than any other make.

When you decide to go Ford, you certainly get comforting assurance that you've picked the right truck! Low truck costs are just as important to big fleet users as they are to you. And, when fleet buyers favor Ford, you can be sure they've checked all cost factors. You can be sure they've found that Ford trucks cost less.

First cost is low. Resale values are high. Ford's modern Short Stroke engine keeps running costs down. And a 10-million truck study proves that Ford trucks last longer. 200 and 215 horsepower. Both are equipped with medium-sized exhaust valves that last as much as five times longer! Power steering and telescopic steering are extra cost.

GREAT TVI FORD THEATRE, WJNO SUNDAY - 8:00 P. M.

CHURCHES OF CHRIST, SCIENTIST

The value and importance of right motives in daily living will be emphasized at Christian Science services this Sunday.

Readings from "Science and Health with Key of the Scriptures" by Mary Baker Eddy in the Lesson-Sermon entitled "Love" will include the following (484:17-21) "Love for God and man is the true incentive in both healing and teaching. Love inspires, illumines, designates, and leads the way. Right motives give pinions to thought, and strength and freedom to speech and action."

The freedom-giving power of divine Love will also be brought out in the Scriptural readings which include the following (1 John 4:18): "There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."

grass skirted, wiggled and rolled her way into second place with a Hula number.

Barbara Sheffield sang two bubbly numbers which were well received.

Guest stars for the evening were Roger Hatten, accordionist, Margie Kahn, dainty and refreshing in a lovely formal who sang two numbers which delighted the audience, and the Dancing Dolls, Pam Whitlock, Gale Parker and Merry Ann Friend, pupils of the Betty Mitchell School of Dancing in Pahokee, who captured the hearts and applause of the crowd in their tap routine, "Oh You Beautiful Doll."

The show was sponsored by the Lake Shore Radio and Appliance Company.

From where I sit... by Joe Marsh

Confused "Sit"-uation

Been meaning all week to tell you about Carley Lawson's "baby-sitting" experience.

His Mrs. left him in charge, about seven p.m., with instructions not to let the children come downstairs. So Carley read his paper and whenever he heard footsteps on the staircase he ordered the culprit back to bed.

Happened three or four times. Little while later, Mrs. Miller from next door came over to inquire if Carley had seen her. "Here I am, Mom," came a voice from upstairs, "But Mr.

Lawson won't let me go home."

From where I sit, jumping to conclusions like Carley did, doesn't always make for an amusing story. I'm reminded of the people who—without due consideration—have concluded that I'm wrong to like an occasional glass of beer. Well, to my way of thinking, that's not only intolerant... but, what's more, "balancing" the other fellow's business is not the American way.

As we said before— It's a Great Time to Buy a Buick

WE'VE BEEN SAYING for some weeks now that you really ought to come see us for the buy of your life—and we're not fooling.

There's never been a better time to buy a new Buick than right now—and we list here 3 solid facts that make this gospel.

Fact No. 1: Since it's only July, you have a lot of wonderful driving weather ahead.

Fact No. 2: Your present car is at its peak worth right now.

Fact No. 3: Buick gives you more solid automobile for your money

than ever before—as witness how Buick outsells every other car in America except two of the well-known smaller ones.

So why hold back another week, another day?

Why deny yourself the fun of bossing the mightiest Buick V8 yet?

Why pass up the world's most luxurious ride—and the magnificent ease of handling that goes with Buick's great new travel?

Most pointedly, why miss out on the most modern thing on wheels—Variable Pitch Dynaflow*...

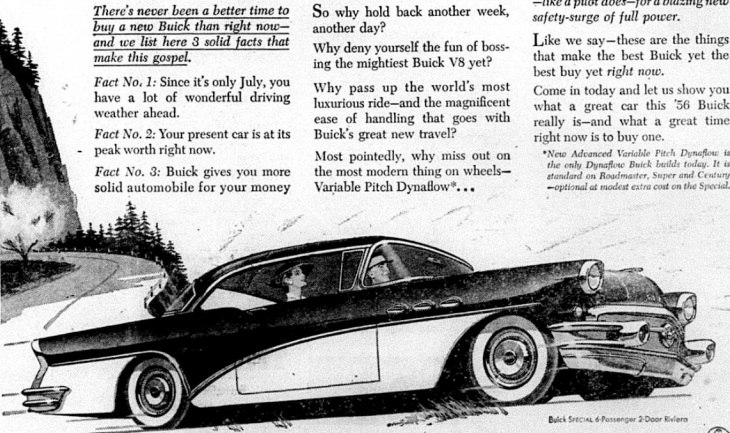

Where the top of pedal travel gives you brand-new getaway, plus brand-new gas savings...

And where you can switch the pitch—like a pilot does—for a blazing new safety-surge of full power.

Like we say—these are the things that make the best Buick yet the best buy yet right now.

Come in today and let us show you what a great car this '56 Buick really is—and what a great time right now is to buy one.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

New Residents Buy Murray Equip. Co.

Glen Thornburg of Ft. Myers and his son-in-law, Leon Markey of Dallas City, Illinois have recently bought the Murray Equipment Company of 32 Ave. B, Belle Glade.

Both men are moving their families here and will be permanent residents of Belle Glade. They have also leased the machine room of the Pine Oil Company of North Main Street, and moved all their equipment down from Illinois.

They have long been serving the automobile and tractor companies at their former residence and hope to give the same satisfactory service to Belle Glade. They have also purchased a franchise from the Allis-Chalmers tractor and farm implement company.

GOOD EATS. NO SICKNESS (Continued from Page One) special training the first week and others were divided among different weapon squads.

One man attended peace camp school to prepare himself for duty in the officers' mess; Robert Conington attended administration school, Chester R. Mullis of Pahokee attended armor school, while Darryl Davis attended the projectionist school.

Normally training started at 7:00 a. m., except for the cook who generally got up about 3:30. The company moved out to the bivouac area early Monday morning of the second week and engaged in training as a company. The boys got to bivouac on bivouac and time passed faster.

Returning to the rear area Thursday afternoon, the local organization cleaned equipment and prepared to leave home for the bivouac. Thursday night included swimming, refreshments and dancing for those who were lucky enough to have a girl.

The group boarded the train Saturday morning, except the rear motor convoy and arrived in Belle Glade Sunday morning.

Old Times agree that this was the best engagement at the local in the history of the company.

Miss Louise Taylor Complimented At Bridal Shower Friday Evening

Miss Louise Marie Taylor, whose marriage to Bobby Joe Thomas will take place in September, was honored at a bridal shower at Janssen Hall Friday night.

Hostesses for the affair were Mrs. H. W. Draa, Mrs. R. V. Allison, Mrs. Albert Smith, Mrs. T. E. Hollingsworth, Mrs. Joe Friedheim, Mrs. Bill Bailey, Mrs. James Tyler, Miss Kate Allison and Miss Jeanette Friedheim.

Receiving the guests were Mrs. Draa and Mrs. N. T. Taylor, mother of the bride to be and Mrs. Burl Thomas, mother of Mr. Thomas, who were shoulder corsages presented by the hostesses.

Two songs and parodies on "Love and Marriage" were sung by the guests accompanied by Miss Marianne Womack at the piano. Mrs. Bert Roemer read two humorous blank verse poems by Ogden Nash on "Advice to Newly Married."

Many lovely gifts were opened and later displayed by the honoree. The hostesses presented her with an electric fryer.

The refreshment table was decorated with pink hibiscus and red and white flowers. Individual cakes decorated with wedding bells, and punch and nuts were served.

The guest list included Mesdames Brooks Spence, Jennie Wedgworth, Mrs. W. J. Gamble, Howard Hill, Opal Dix, Lawrence Will, B. W. Bell, P. L. Burke, W. S. Ingram, Genevieve Gove, Jennie Bergman, Genevieve Gove, E. Averill, V. J. Jones, V. A. Boots, Hailery Vickers, Frank Dole, James Wrenshaw, Annie Prescott, Gard McKee, Thelma Stevens, J. W.
